Literacy Intervention Case Study Report

Section 1: Student Literacy Biography

Insert your student's literacy biography here. After receiving permission from the child and their parent/guardian and administering a parent questionnaire, a student interest survey, and pretests, you will provide a detailed picture of this student as a reader and writer. You will highlight their areas of strength and weakness with regard to phonemic awareness, phonics, vocabulary, fluency, comprehension, and writing skill. Please discuss the student's interests. Please paint a clear picture of this student as a reader and writer. This section should be no less than **two pages**. Make sure the spacing remains doubled without any extra spacing between paragraphs.

Section 2: Assessment Results

Insert the pretest/posttest chart here. See details directions in the syllabus for this section.

Remember to include links to the scored assessments.

Section 3: Intervention Plan

Insert your intervention plan here. In this section, you will analyze the student's pretest results to determine areas for improvement. After a brief introduction to this section, you will determine three (3) attainable, specific, measurable literacy goals (2 goals for reading and 1 goal for writing) that you will work with the student to help them attain over the course of the semester. You will include a brief rationale for each goal with at least one contemporary (within the last 5–7 years) research citation from a peer-reviewed journal to support your rationale. This section should no less than **two pages**. Make sure the spacing remains doubled without any extra spacing between paragraphs.

Literacy Goal 1:

Insert your goal here.

Rationale:

The rationales for the literacy goals in the Intervention Plan should each have a citation from a contemporary (2019 to present) study from a peer-reviewed journal to show the effectiveness of the particular strategy you plan to use to help the student meet the literacy goal; therefore, each goal should involve a particular strategy that has been empirically shown to improve literacy skills.

Literacy Goal 2:

Insert your goal here.

Rationale:

The rationales for the literacy goals in the Intervention Plan should each have a citation from a contemporary (2019 to present) study from a peer-reviewed journal to show the effectiveness of the particular strategy you plan to use to help the student meet the literacy goal; therefore, each goal should involve a particular strategy that has been empirically shown to improve literacy skills.

Literacy Goal 3:

Insert your goal here.

Rationale:

The rationales for the literacy goals in the Intervention Plan should each have a citation from a contemporary (2019 to present) study from a peer-reviewed journal to show the effectiveness of the particular strategy you plan to use to help the student meet the literacy goal; therefore, each goal should involve a particular strategy that has been empirically shown to improve literacy skills.

Section 4: Recorded Tutoring Session Reflection

Insert your reflection here. You will video one of your tutoring sessions. After viewing the video, you will write a reflection on the overall experience. What went well and what areas for improvement do you see? You will need to be specific and delve into the details of what you did well and what you could have done better. This section should be no less than **two pages**. Once you have uploaded your video to a site like YouTube, Vimeo, Google Drive, etc., please include a working [hyperlink](#) to the

Commented [A2]: If you upload to YouTube, make sure the video is marked **unlisted**, not **private**.

recorded lesson in the body of your reflection (toward the beginning). Again, as you type, make sure the spacing remains doubled without any extra spacing between paragraphs.

Section 5: Recommendations

Insert your recommendations section here. In this section, you will analyze the posttest results and include what your recommendations for the student are in the areas of reading and writing. For example, do they need to continue working on comprehension? How should they do so?

Recommendations for Parent/Guardian

This section should contain at least **three** recommendations for the parents/guardians (written in language they will understand). Please number your recommendations. Please share the recommendations with the parents/guardians.

Recommendations for Future Educators

You should also include at least **three** recommendations for future educators of this student. Please number your recommendations. Section 5 should be no less than **two pages**. This section will not be completed until the final case study report is submitted at the end of the course.

Section 6: Overall Case Study Reflection

Insert your reflection here. You will write a detailed reflection on the overall tutoring process—highlighting what worked, what did not, what would you do differently, etc. **Be sure to cite a variety of the course resources in this section.** This section should be no less than **two pages**. This section will not be completed until the final case study report is submitted at the end of the course.

Commented [A3]: All references cited throughout the report should have full bibliographical citations here. Make sure the citations are in APA (7th ed.) format. You should have at least **five** references from peer-reviewed journals (see list of reputable journals in syllabus), though you will likely have much more. Make sure that your citations remain double spaced and that the hanging indent remains. The **blue reference** here is just a place-holder and an example—please remove it before submitting for feedback. A reference for the textbook is included, as I'm sure you'll cite it in the paper.
